Fountain-Fort Carson High School unities from two separate Junior High Schools. As both student bodies join together new friends are made every day of the school year. With more than three-fourths of the students being connected to the military, old and well known students leave as new faces appear to once again start the Ftn.-Ft. Carson cycle of ever renewing SPIRIT.

The slightly off-key hymn to the pertinence and the impertinence of nonsense in Jabberwock, was performed on November 15 and 16. The main spotlight was on the jabberwock in the Thurber family's lives. The play itself was a great success, and the audience seemed to really enjoy the sillyness of the characters. The set in the play was the biggest ever built in the history of Fountain's drama department. Mr. Brewster was very proud of everyone who had a part in making the play a success.

The purpose of the Thespian Society is to promote the development of secondary school theatre. Thespians performed "Jabborwork", "Schubert's Last Serenade", "Spoon River anthology", and "South Pacific". Thespians hosted a night of one act plays directed by students. They also attended and performed at the State Thespian Conference at Wasson High School where Tim Tallent was elected State Thespian Vice President. Some students will attend the International Conference in Muncie, Indiana the last week of June and go to New York the first week of July.

'The Trojans' seniors were the leaders of the team, showing skill and ability that the coaches never had seen before. Most of them have played together for the last three years. The ability to play as a team led them into three State playoff games and almost to the State Championship. Their contributions to the 1979 Fountain Football Team will be long remembered in the minds of the coaches and all the faculty.

Fountain finished second in the Santa Fe League with a 4-1 record. The 9-3 record marked Coach Smith's career best.

The Trojans second place finish earned them a berth in the sixteen team Colorado Class AA State Football Tournament. To get the berth in the playoffs, the Trojans had to win their game against Rye, after just being defeated by John Mall in a very poor sportsmanship game by the fans and a very strange power outage. But the Trojans came back showing they could not be kept down. Bouncing back and beating Rye 40-0, the defense was devastating letting Rye have only 49 yards total offense and 108 yards lost by opponents.

TROJANS WIN FIRST PLAYOFF GAME

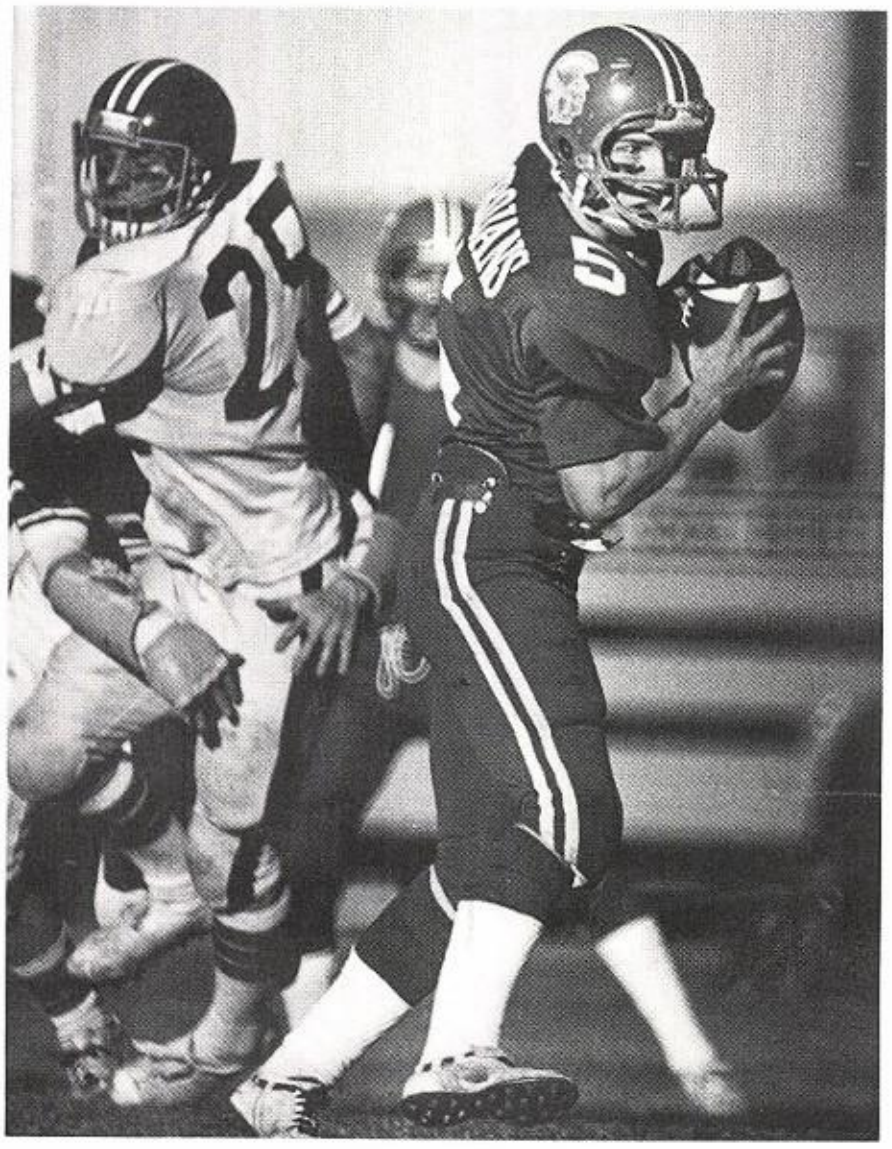
Tom Haynie was the leading tackler of the Trojans.

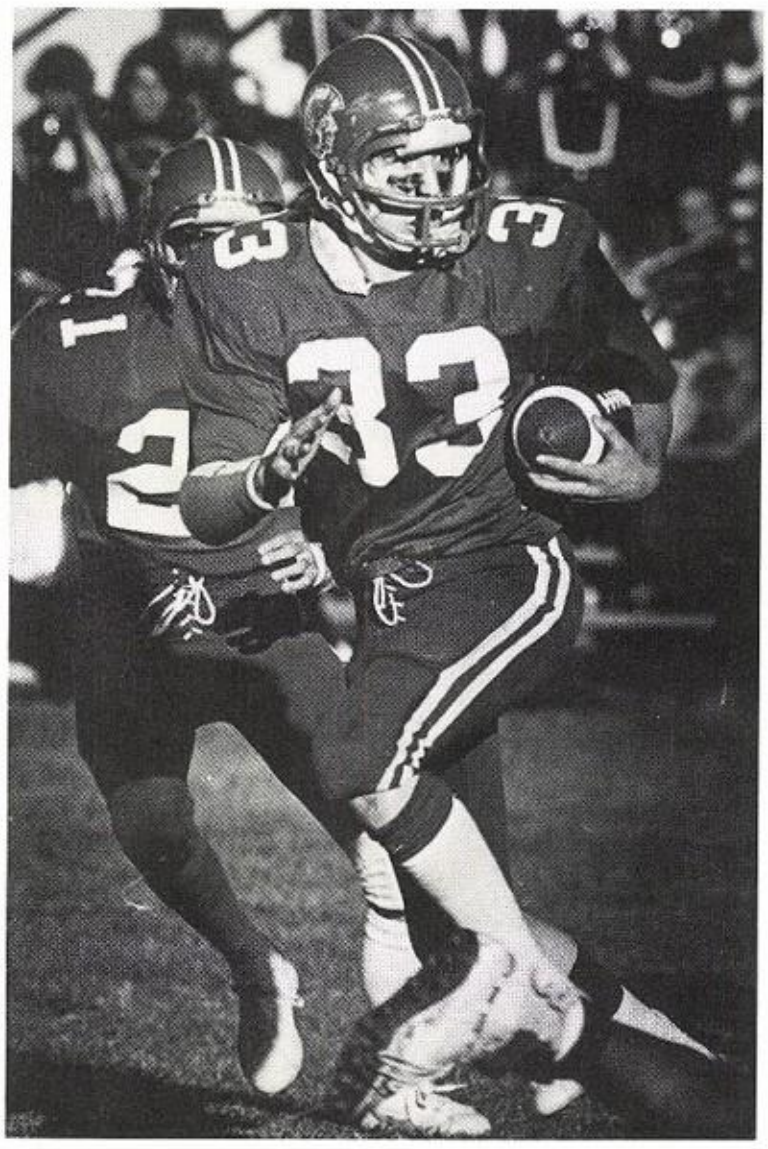
It was a crisp morning as the Trojans came trotting on the field. Every Trojan player was ready for the game. All the coaches were tense, but they all knew what the out come would be if the Trojan team played like they had been doing all year. The coaches jumped for joy as the last seconds of the game ticked off. The Trojan team had won the first playoff game in Fountain's history, beating Denver Luthran 10-3 in a very spectacular game. The only TD was a 65 yard pass from Roy Jenkins to Ron Townsend. Mike Fields kicked the pat, and earlier in the game a 37 yard field goal. Denver Lutheran was 10-0 going into the playoffs and Fountain was 7-2. Defense was the key to Fountains success in the game, stopping Lutheran at every drive.

The Lights were the Denver Metropolitan League Champs. The only score for the Lights was a field goal in the second quarter. The game will stand out in Fountain history for a long time . . .

EXPLOSIVE OFFENSE AND SPIRITED



Ron Townsend showing good catching form during the Birlington game.



Denny Falls returns an interception against Birlington.

The Trojans won their first playoff game ever by beating Denver Lutheran, 10-3. The Trojans next opponent, the Birlington Cougars, they also entered the game unbeaten and was ranked second in the state by the polls. Stopping the Cougars four times inside the Trojans 20 yard line, led Fountain to a 7-6 victory.

As a semi-final match up Fountain hosted the Pikes Peak League Champions, Buena Vista. The Demons rallied with 12 fourth quarter points to win the game 18-12.

The Trojans finished the year with a 9-3 record and tied for third in State with Denver Sheridan. Buena Vista lost in the State Championship game to Steamboat Springs 12-0.

Head Coach Richen Smith was named "Coach of the Year" by the Gazzette Telegraph Newspaper. The Trojans were the only Pikes Peak region team to win in the 1979 playoffs. All other area teams were beaten in the first round.

Fountain out scored opponents 233-79 points.

Coach Tom Petersen is contemplating the results at Districts. Next year will be a building season because there are four seniors that will not be returning. Coach Petersen feels that he will have a better season next year, and with a lot of hard work and concentration it can be done.

Coach Petersen spent many hours with the team from summer recreational tennis until the tennis season began at school. Coach Petersen was a real asset to the team.

The Trojan Gymnastics team can only be described as Fired-up. The team set their goals early in the season, and the Trojans were working under a new coach, Lori Meyers. Their main goal was to WIN and to improve their skills. The Trojans did exactly that. Six members of the gymnastics team qualified for state. State was held at Buena Vista on Nov. 3, 1979. At the closing of the gymnastics meet, they ranked 8th out of 25 teams. This was a good achievement considering the other teams had ten to twelve members competing.

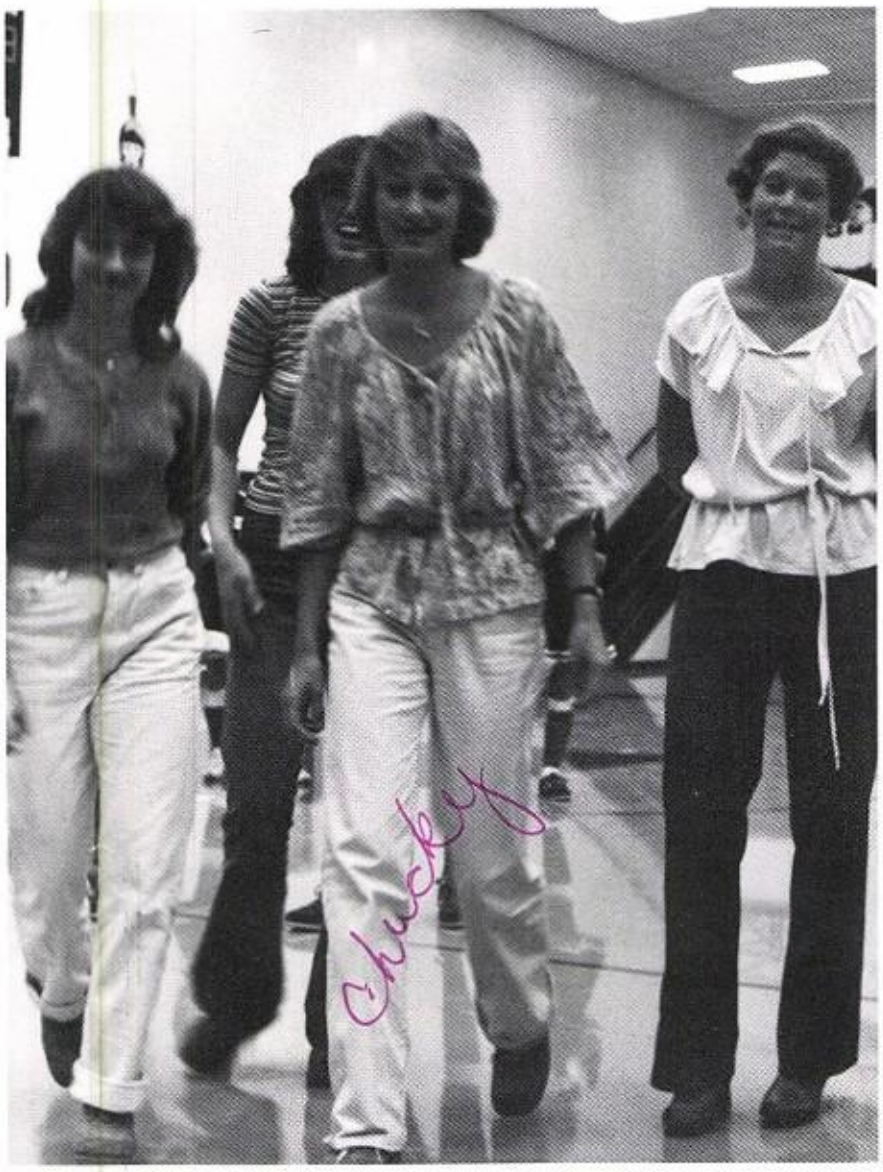
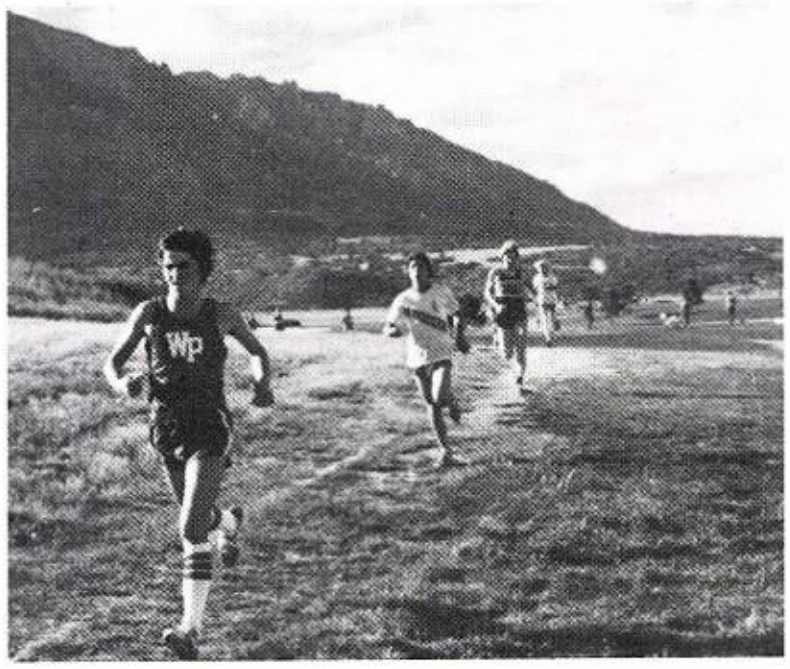
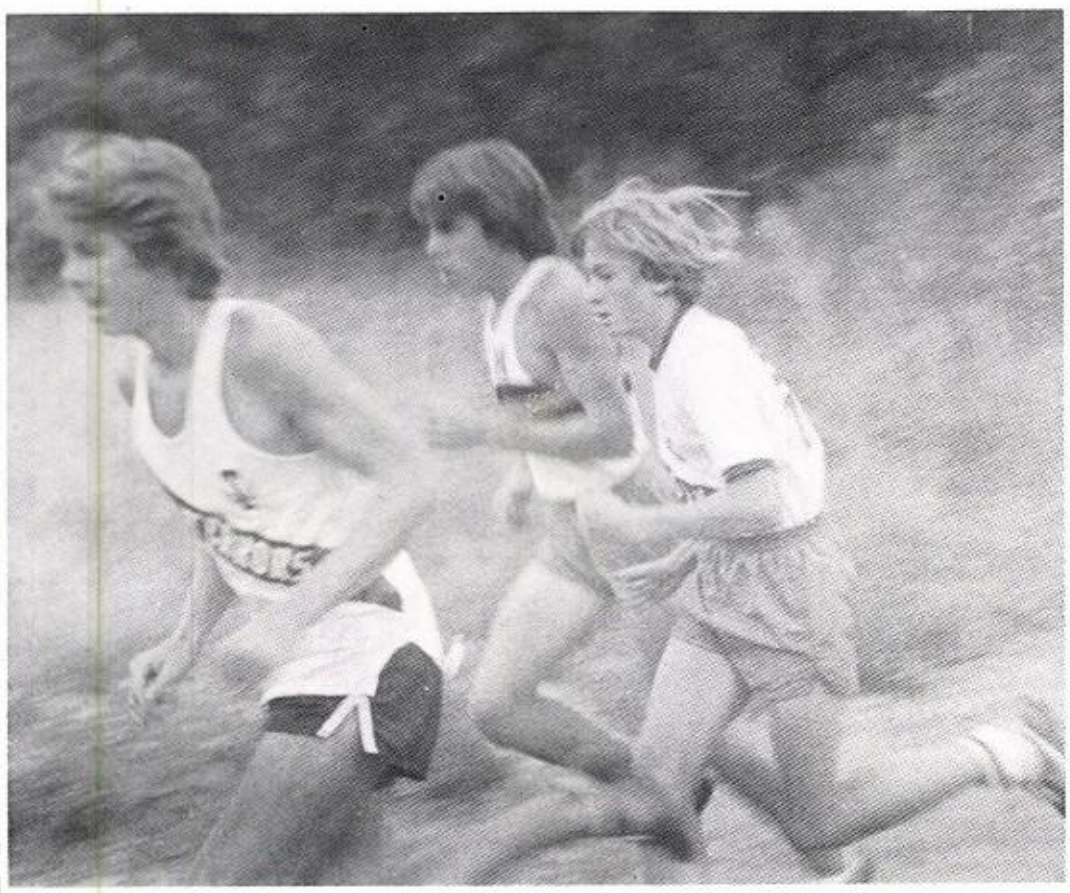
ENDURANCE MAKES CHAMPIONS



Mary Carreras, Carol Flannigan, Charlotte Long, and Barb VanWormer are caught with smiles at Trojan Pep Assembly.



Allen Longee running in the Fountain Invitational.



Steve Aultman shows Cross Country stamina as a sophomore.

Cross Country being one of the most demanding of high school sports takes dedicated athletes. Coach Ralph Crume was looking forward to what could be one of the most promising seasons in many years, because he had these athletes. One thing stood in the way, injuries. Key runners were injured early in the season, hampering Fountain's team efforts. For the most of the season the team struggled to reach their goal. The high point of the season was the Fountain Invitational. The boys team took home a second place trophy and the girls a first place. Finally at State the team was somewhat healthy. Joe King set a school record of 16:54.2 which placed him 18th. A girls record of 21:11.7 was set by Charlotte Long and teammate Carol Flannigan who was but one second behind at 21:12.6. Next year Fountain is looking for underclass strength to pull through in Steve Aultman, Tom Gonzaled, Ken Barela, Allen Longee, Rick Huff, and David Falls. The girls will return with strength in Charlotte Long, Carol Flannigan, Nanni Bhinke, Tina Forsett and Barb VanWormer.

Andy, I'm so glad I got to know you. At the beginning of the year I didn't like you but now that I know you're one crazy person. You have added a lot of life to this team. I hope to see you next year running track. Keep in touch over the summers. My number is 382-7870. I'm ever so at Georgia. I'll give you a call.

The best individual record also belonged to Fields at 20-wins 5-losses and 1-tie. Fountain's dual record was 9-4 overall and 3-1 in the Santa Fe league, good for second place. Coach Larry Olin's squad finished third in the Santa Fe district tournament, behind champion Rocky Ford, and Las Animas. Falls, Criger and Fields all reached the finals. The Chorus has well represented our school this year. They have performed numerous school concerts. They carolled in the halls of FFCHS at Christmas time along with singing at the Pioneer Bank of Fountain, and appearing on television with a tremendous performance to show their Christmas spirit. There is a chance the members may compete in State Chorus Competition. Mr. Michelfelder is behind all of their terrific output. It was a great year for our chorus and this group will be well remembered by singing their hearts out for the high school.

MRS. Orton, sponsor of Student Council

League Student Council members visiting Fountain/Ft. Carson High School.

Student Council has had one of its busiest years this year. Homecoming week got off to a great start with a Homecoming week and dance. Some members of Student Council represented our school at many Santa Fe Student Council meetings as far away as Rye and Canon City. Others traveled to a Student Council conference sponsored by Districts 4 and 8. Between all of this, members of Student Council have livened up the school with innovative calendars, art boards, and posters; sponsored a Halloween costume contest; and acted as guides for the guest speakers on Career's Day. On January 23, the Student Council sponsored a League Student Council meeting. Four of the five schools in the Santa Fe League attended. This was a major project for the Student Council since this was our first year in the League, and we wanted to make a good first impression. Upcoming events include League Student Council meetings at Las Animas, and Rocky Ford, the annual carnival, and a few more dances. Student Council acts as a sounding board for the administration and the student body. The Council evaluates existing clubs to insure that they are meeting their responsibility to the Student Body. Any proposed new clubs must also be approved through the Student Council. Basically, Student Council is the governing body for the students, and the students voice to the administration.

Forensics is a competitive team which has a regular season stretching from October to April. Participants can earn school letters, become state champions and even go to a yearly national tournament sponsored by the National Forensics League. Forensics offers a wide variety of speech activities in which to compete; debate, extemporaneous speaking, and oral interpretation. Students who compete develop their speaking and thinking skills, to learn to compete in the most competitive environment this state has to offer, and gain both state and national recognition.

The Forensic team this year has attended four meets before Christmas and attended approximately eight after Christmas. Though the team had brought home no "hardware" this fall, the winter season looked more promising.

Forensics team keeps smiling at 5:00 in the morning.

Here's Valerie Howard waiting to give her best at competition.

B.S.U. PROMOTES MINORITY ACTIVITIES

The purpose of the BSU is to promote the rights of the black youth and to stimulate them to accomplishments higher than might otherwise be realized or even imagined. To accomplish these goals, individual, as well as group participation, is centered around civic, ethnic, and scholastic endeavors. The BSU goal is to encourage the black youth to become culturally aware of their own self-worth as well as to work together as an organizational unit. As these goals and desires are met and accomplished by the youths of the Black Student Union, better understanding of blacks by society will truly enhance the social and personal associations of all concerned.

Activities sponsored by the BSU for 1979-80 school year have included the annual presentation of the Gong Show which was received well due to the excellent support of the student body and various teachers. Also included in the year's activity was the celebration of the Black History week in February. The celebrations included numerous paintings of influential blacks both past and present who worked in the areas of equal rights for all.

The Library Club decided this year to refill the bean bag chairs and get some plants for the library. The Spanish Club activities include a paella dinner combined with an ice skating party, a chili picking expedition to Pueblo. Participation in the Foreign Language day at SCU and the International Dinner at our high school.

The main goal of French Club is to enjoy learning about the French culture. One of the most enjoyable ways is by experiencing French food. Another goal is to realize that the people of other nations have different traditions, ways of living, and ways of expressing themselves. It's important to be aware of these differences and be accepting of people of different nations. French Club held a bake sale at the Widefield Mall. With the money raised, the students plan to enjoy a French dinner at "La Petite Maison" and see a French movie.

DISTRICT LIBRARIAN RETIRES

District Librarian, Margaret Doudna, is retiring this year after working in the Fountain-Fort Carson School District for 22 years. Though Mrs. Doudna never intended to become a "career woman", she has continuously served and dedicated her working years to this school district.

When her husband was transfered to Fort Carson in 1958, Mrs. Doudna began working on the post as a 3rd and 4th grade teacher until 1963. She then took the position as grade school librarian at Fort Carson.

Mrs. Doudna has been a librarian for 17 years. In 1975, she was offered the position of District Librarian, which she accepted.

The Fountain-Fort Carson High School librarian is Mrs. Doudna, though many students are not aware of this because of the many duties she performs, and because only half of her time is spent in the high school, while she uses the rest of her time to work with all the other school libraries in the district.

Many improvements in the school libraries have taken place over the past 22 years, according to Mrs. Doudna. One new program which the library provides for teachers to use in the classroom with students is the video tape recorder, where educational programs are recorded from television. In Mrs. Doudna's opinion, this serves as a valuable learning experience for students.

Though she has enjoyed her job, her career, and most of all working with the people, Mrs. Doudna plans on also enjoying her retirement. She plans to spend some time relaxing, "sitting with my feet up", but she also plans to remain very active. A new career she is interested in is transcribing Braille for the blind. Also, she is an avid gardner and plans on traveling with her husband of 36 years who is retired military.

High School Principal, John Shultz, would like Margaret Doudna to know that "It has indeed been a real pleasure to have had the opportunity to work with Mrs. Doudna for the past five years. Her leadership and direction as District Librarian will surely be missed. I want to wish her the very best in her years of retirement."

Hey Bev,

It has been a long year. I am really glad we met and became such good friends. I am sorry you had so many problems but I was glad I could help. Too bad you are going to Va. so soon as we could have been cheerleaders a little longer although you went through quite a few niggas during football season again (smile) when you first got here, I hope we work out for the best. You had better keep in touch.

Love ya

Mary

P.S. You had better take a vacation in Ca. in 1982 (digit) I'll be there to see you and Michael Jackson. Keep those letters coming. We are gonna have to party hard before we leave. Love, Mary

Address, zip, area code, phone # & everything else you have to get from me. Thanx!
